### WORK EXPERIENCES

#### MAKAI RENTALS

##### Web Developer

Dec. 2022 to May 2023

Makai Rentals is an online shop that connects clients with rental equipment.

- Develop end-to-end experience of Makai Platform by conducting usability reviews, troubleshooting UX/UI issues, and proposing new designs
- Establish a Directions Component that uses Google API's which routes users to locate the stand for equipment drop-off within a close proximity
- Pagination and search bars are included in the components to allow users to easily navigate through a large number of advertisements
- Execute robust error handling and logging mechanisms throughout the website with appropriate pop-up messages for user-friendly experience
- Identify, analyze, review, and debug fellow developer's components that requires quality checks for improvements

#### SOCALGAS

##### Energy Technician Residential

July 2021 to Jan. 2022

- Manage inventory and route schedule to provide customers efficient and timely service
- Train customers on safety and operations of equipment and natural gases
- Document inspections and quality assurance over fellow technician's service orders

#### CBRE

##### Building Engineer

Feb. 2021 to June 2021

- Lead shift operations and directs vendors and subcontractors
- Utilize advanced skills to perform complex preventive maintenance and repairs
- Oversee Emergency Preparedness Programs and HazMat Waste Protocols
- Brief upper management of building plans status, conflicts, and solutions

#### UNITED STATES AIR FORCE

##### Journeyman Emergency Manager

Sept. 2015 to Jan. 2021

- Direct emergency response teams during exercises and real-world crisis scenarios
- Instruct over 3000 personnel annually to ensure base is prepared and capable of responding to a range of emergency scenarios
- Host quarterly outreach events to the local communities to build strong relations with the general public and civilian agencies
- Supervise servicemembers ranging from 12-300 personnel operations spanning several hours to multiple days
